## SUMMARY

Motivated and detail-oriented Computer Science student with a strong foundation in web development, problem-solving, and software engineering principles. Skilled in building responsive websites, developing full-stack applications, and working with modern tools and frameworks. Successfully completed a Web Development Internship at Sumago Infotech, gaining hands-on experience in real-world project workflows.

## TECHNICAL SKILLS

**Languages:** C++, Java, Python (Beginner)

**Web Technologies:** HTML, CSS, Javascript

**Tools:** Git, VS Code, Postman, Figma

## EXPERIENCE

### Web Development Intern

*Sumago Infotech*

Jun 2025 – Aug 2025

*Nashik, India*

Completed hands-on training in web development using HTML, CSS, JavaScript and basic backend tools.

Built small functional modules as part of internship projects and learned real-world development workflow.

## PROJECTS

### Portfolio Website

*Personal Project*

DEC 2025

*HTML, CSS, JavaScript*

Developed a responsive and animated personal portfolio to showcase projects and skills.

Created a responsive and modern portfolio to showcase projects and technical skills.

Implemented smooth animations, clean UI, and optimized loading performance.

### Student Attendance Management ERP

*Full-Stack Project*

Apr 2025

*MERN Stack*

Developed a centralized ERP module for recording, managing, and analyzing student attendance.

Implemented secure login for faculty and admin roles with JWT authentication.

Integrated real-time attendance dashboards using dynamic charts and database-driven insights.

## ACHIEVEMENTS

Selected for **IIT Guwahati Micromouse Maze Hackathon**.

Participated in **Smart India Hackathon (SIH)** – National Level.

## EDUCATION

### Godavari College of Engineering (GCOE)

*B.Tech in Computer Science and Engineering*

Jalgaon, India

2024 – Present

### K.B.H. Polytechnic, Malegaon

*Diploma in Computer Science and Engineering*

Malegaon, India

2021 – 2024
